Objective: Detail-oriented and highly skilled Medical Laboratory Technician with experience in conducting various laboratory tests and analyses. Seeking a challenging position where I can contribute my expertise in laboratory procedures and quality assurance to support patient diagnosis and treatment.

Education: Bachelor of Medical Laboratory Sciences Faculty of Medicine, University of Constantine, Constantine, Algeria Graduated: May 2020

Skills:

- Proficient in performing clinical laboratory tests and analyses
- Knowledgeable in laboratory equipment operation and maintenance
- Strong attention to detail and accuracy in test results
- Familiarity with laboratory safety protocols and quality control procedures
- Ability to work independently and collaboratively in a team environment
- Excellent problem-solving and critical thinking skills

Experience: Medical Laboratory Technician Constantine Medical Center, Constantine, Algeria June 2020 - Present

- Conducted routine and specialized laboratory tests, including hematology, microbiology, and clinical chemistry
- Prepared and analyzed specimens using manual and automated techniques
- Verified test results for accuracy and reported findings to healthcare providers
- Maintained laboratory equipment and ensured compliance with quality assurance and safety standards
- Participated in continuing education and training programs to stay current with new techniques and methodologies

Laboratory Internship Algiers Clinical Laboratory, Algiers, Algeria January 2020 - May 2020

- Assisted senior laboratory technicians in performing various laboratory tests and procedures
- Prepared specimens for analysis and maintained accurate records of test results
- Participated in quality control activities and troubleshooting of equipment issues

- Learned and practiced laboratory safety protocols and procedures
